KwangWoon University

2024 Spring
Undergraduate Admission Guide
for International Students

광운대학교
KwangWoon University

The interview of international students

Ukraine

MARTIUK OLHAMedia and Communication,
Junior student

1. What Kwangwoon has to offer

Hello, my dear future university peers and alums! My name is Olha, and I am from Ukraine(Europe). When I came to Korea, my goal was to learn Korean for my future admission to a university. After considering where to apply, I decided on Kwangwoon Uni, which offered plenty of benefits. Our university is located in Seoul, but it may feel quite far away to some. My Korean friends often ask, "Isn't it far?" The answer is definitely no. The location of the university is very convenient due to subway line 1. Also, our university has one of the most beautiful libraries among universities in Seoul. Take a look at our library, and you will be amazed at its beauty. And even if you are worried about your Korean level, as I was when I entered the school, there are many opportunities to take Korean classes with professors specializing in this field.

2. Reasons for choosing the Department of Media Communication

In fact, since childhood, I have been very interested in media, especially TV shows and media such as YouTube. While contemplating which department I should go into, I found out that our university has a Department of Media Communication. Our faculty is divided into three areas of specialization. (Strategic Media, Interactive Media, Press Information(Entertainment)). After further researching the information, I found out that our university's media department is one of the best in the country in this field. Isn't that cool? The professors are incredible experts in their fields, explaining everything in detail, interestingly, and most importantly, in an understandable way to understand media-related material. I believe that upon graduating from our faculty, you will become one of the leading experts in any industry you care about!

3. A message for new coming students

The most important thing is not to worry that it will be difficult for you and there will be strong misunderstandings with teachers. The main thing is to show a desire to study your specialty. As I said above, if you're worried about your Korean level, this shouldn't be a big deal as you can improve your skills in Korean classes. Also, our university offers scholarships to outstanding students, which can be one of the most powerful incentives. Honestly, the most important thing is if you want to put all your worries aside and definitely research the direction of the faculty you applied to, you will succeed. First of all, I wish you all your desires and aspirations! You can do it!

Vietnam

DUONG HOANGKorean Language and Literature,
Sophomore student

1. What Kwangwoon has to offer

While studying Korean at the Language Institute, I searched online for universities in Korea, and Kwangwoon University's name popped out. There are many reasons that made me choose Kwangwoon University. First of all, our university is very easy to access via numerous transportational methods. Secondly, our university offers a top level education plan and facilities (international grade ice rink for instance) for students, foreign and national alike. In addition, our school has a number of highly capable and experienced professors, which are of great help to the students to improve their Korean language ability and their professional knowledge. Not only that, the relationship between international students and Korean students is also very friendly. Finally, the scholarship program is quite comprehensive for international students. The reasons above are why I chose Kwangwoon University.

2. Reasons for choosing the Department of Korean Language and Literature

The reason why I decided to study abroad in Korea is because I really like Korea. I chose the Department of Korean Language and Literature because I wanted to learn not only Korean, but also Korean phonology, Korean grammar, and Korean literature as well. I chose Kwangwoon because I heard that the department for learning Korean is good here. Another important reason is that when I return to Vietnam in the near future, I want to teach Korean language and Korean literature to Vietnamese students in Vietnamese universities. If you are interested in Korean literature or Korean literature, please do not hesitate to sign up!

3. A message for new coming students

You can feel the life of a Korean college student at our university. However, what we should not forget is that we are here to experience college life AND learn professional knowledge. So I encourage you to work hard as much as you would like to play hard. You do need to face competitions in our school and will need help from other peers, so participate in various in-school activities if it is possible. Kwangwoon University is a university that is worth staying in if you have the will to give your best. We will be waiting to wait for you at Kwangwoon University.

Uzbekistan

DIN VIOLETTABusiness Administration,
Senior student

1. What Kwangwoon has to offer

First, Kwangwoon University is in Seoul. In-Seoul Universities (Universities IN the Seoul region) have their benefits, given that Seoul has a lot to offer socially and culturally. Second, the school's scholarship system is what one could consider a top-notch system in S. Korea that other schools cannot follow. You can receive a good scholarship during your first semester of admission and during your stay in school. Third, the international exchange team on campus that manages foreign students has a wide array of programs to connect us, the foreign students with Korean students. The office also helps and takes care of problems that might arise face to-face or via Kakao Talk and Instagram. Lastly, the university has a long list of courses only for foreign students who are still not good at Korean. Kwangwoon's attention to detail in students' lives is what helped me out during my stay in Korea in general.

2. Reasons for choosing Business Administration

I plan to continue living in Korea in the future after graduating. I was looking for a major that could aid foreigners in finding a job and eventually decided the Department of Business Administration was the right choice for me. Compared to other departments, the Department of Business Administration has a lot of classes reserved and dedicated to foreign students. Thanks to this, I was able to understand the lecture and follow the assignments well. The Department of Business Administration is largely divided into marketing, accounting, production management, organizational behavior, and finance, and there are various career paths available after graduation.

3. A message for new coming students

I recommended applying for a minor or double major while studying. You need to obtain some class credit points in order to graduate, but I think studying other majors is more effective than taking liberal arts classes. Even after entering university, some people might not have decided about what to do next. Since you don't know what will happen in your life, I recommend a minor or double major if possible. Of course, at Kwangwoon University, foreign students can apply without any restrictions.

China

LIU YANGElectrical Engineering,
Junior student

1. What Kwangwoon has to offer

Kwangwoon University offers a world-class education in science and technology. It is also a well-known university in South Korea. The school has a rich scholarship system, a positive learning atmosphere, and close cooperation with major companies in South Korea, which provides tremendous help to students' future employment. Kwangwoon has also produced many well-known alums, such as the vice president of Samsung Electronics and the CEO of LG Electronics, from which we can see that our school has a formidable academic background and educational resources.

2. Reasons for choosing Electrical Engineering

Electrical engineering is one of the best well-maintained and supported majors at Kwangwoon University, and since I preferred hands-on experiments since high school, I planned to develop my future plan in the direction of engineering. Choosing the engineering major at Kwangwoon University felt quite natural to me. Personally, I think there are two aspects to consider when choosing a major: one is your own liking, and the other is your future career. So when choosing a major, you should consider these two aspects and then make a choice. The engineering and computer majors of Kwangwoon University are very famous in South Korea, which is one of the most important reasons why I choose here.

3. A message for new coming students

It is not easy to study in a foreign country, so you need to apply yourself to your very best. I believe everyone can achieve one's desired results if they should put everything they have to offer. Additionally, I think there are a couple of things to remember as a future student of Kwangwoon: First of all, improving our Korean proficiency is a must in order to discuss with Korean students in class. And it is necessary because there are many presentations and discussions held in Korean. Secondly, we must understand and follow the laws and regulations of South Korea, such as garbage classification, Visa law, etc.

I wish all the students can have a wonderful study abroad experience.

Why Kwangwoon?

Easy-to-access location;
adjacent to the heart of Seoul

- 20~30 minute travel time from campus to downtown Seoul (City Hall, Dongdaemun, Myeong-dong, etc.)

Global educational standard surpassing
Kwangwoon curriculum

- IEQAS(International Education Quality Assurance System) certification by the Korean Ministry of Education
- ABEEK(Accreditation Board for Engineering Education of Korea) certified 11 Engineering majors
- KABEA(Korean Association for Business Education Accreditation) certified The School of - Business Administration
- KAAB(Korean Architecture Accrediting Board) certified School of Architecture.

Multi-Care Program

- On-campus consulting services available for international students.
- Korean students'1-on-1 mentoring programs
- Study group programs(tutoring, study groups, etc.)
- Fully functioning international student unions and social clubs

Top-level scholarship system
among Korean universities

- First semester after admission: 30~80% of the tuition fee offered as scholarships
- Can receive almost 100% scholarship (Depends on individual GPA, TOPIK scores, etc.)
- Can apply for external scholarships for international students, including which includes, but not limited to:
 - * General Alums Association Scholarship
 - * LG Industry Scholarship
 - * Korean Immigrant Foundation Scholarship

Employment/Start-up friendly university.

- Ranked 1st in the most provision of student start-up workshops/office spaces.
- Ranked 2nd in most financial aid for student start-ups
- Ranked 10th in overall career services and entrepreneurship support (2020 Korean Economy survey on Korean universities)
- Specialized foreign students employment program (corporate employment project and many more)

Multiple International
Students Program

- Kwangwoon International Friends (KIF) under the Office of International Affairs.
- University faculty-led international students community hearings.
- International student clubs. (soccer, volunteering, etc.)

Undergraduate Admission for
International Students
